

Custom Printed Latex Caps

ERLSP

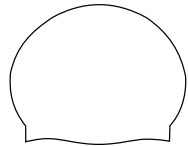

Any logo which must face the same direction on both sides of cap when worn will require separate screens for each side of cap.

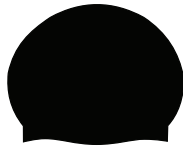

- Minimum quantity for latex cap printing is 50pcs per cap colour/per logo colour/per design
- Some cap/logo colour combinations will require an additional underbase of white to achieve best colour result. If a white is not part of the original logo an additional screen charge will apply.
- If caps are to be used for competition events under FINA rules then this must be advised on order as restrictions are placed upon the size of the manufacturers mark.
- All logo printed caps will come with an eyeline logo printed on cap as a manufacturers mark.
